2. About the Rayat Shikshan Sanstha, Satara:

The Rayat Shikshan Sanstha, founded by Late Padmabhushan Dr. Karmaveer Bhaurao Patil in 1919, is one of the leading and largest educational institutions in Asia. Its main objective is to provide education to the downtrodden, the poor and the ignorant, which is the major bulk of society, irrespective of caste, creed and religion with a motto “Education through Self-Help” to inculcate the dignity of labour among the students along with the social, spiritual, cultural and human values. Karmaveer Bhaurao Patil was visionary and realized the dire need of education who devoted his life to the cause of education of masses. He believed in education as a means to eradicate the social ills such as illiteracy, untouchability, caste hierarchy, money lending, superstitions, social and economic inequality, all his life, he tried to translate this belief into reality.

Rayat Shikshan Sanstha, since its establishment, started 739 institutions including schools, junior and senior colleges usually in remote, rural and tribal areas for the education of downtrodden and children deprived of education, which was neglected by the then educationists.

3. About the College:

Shri Sadguru Gangageer Maharaj Science, Gautam Arts and Sanjivani Commerce College is one of the 42 senior colleges established by Rayat Shikshan Sanstha in 1965. On 1st June 1965 Karmaveer Shankarrao Kale and Sakhar Maharshi Shankarrao Kolhe, along with few others laid the foundation stone of the college. With its affiliation to the Savitribai Phule Pune University, Pune college started functioning just with 34 students on roll with science faculty and is now grown like a banyan tree. The college is recognized under section 2(f) on 10th July 1989 by UGC and with a Grant-in-aid by Government of Maharashtra. The college aims at training students from weaker sections of the society to be leaders in all walks of life and serve the society.

The beneficiaries are from socio-economically backward classes, poor farmers' children, and labour family children. The college is sponsored by Department of Science and Technology (DST) under FIST program in 2006 and 2014. The affiliating university has awarded us with a “Best College Award” for the year 2007. Our parent institute has also awarded our college with various awards. College is accredited with A++ grade in 4th cycle. The college runs 16 UG (Arts, Commerce, Science, Management and Computer Science), 11 PG and 02 Research Programs. It serves multi-dimensionally in the field of higher education.

The college is working and functioning with the same vision and mission statements as of parent institute.

4. From the Principal's Desk :

I am delighted to welcome you to Rayat Shikshan Sanstha's Shri Sadguru Gangageer Maharaj Science, Gautam Arts and Sanjivani Commerce College, Kopargaon. Popularly known as SSGM College, established in June 1965, is affiliated to Savitribai Phule Pune University, Pune with consistent academic growth. This renowned Sanstha, founded by Padmabhushan Dr. Karmaveer Bhaurao Patil in 1919, is imparting quality education to all the masses of the society. The institution is spread over 22.5 acres of lush green land.

Education is both training of mind and soul. It should give both knowledge and wisdom. So we aim to foster global competencies, life skills, scientific temper, technical skills and inculcate moral values among students. We take care to ensure that teaching learning techniques, pedagogic practices and academic mentoring incorporate the best practices in student satisfaction. The college has been re-accredited with A++ grade CGPA-3.69 by NAAC in 2024. This will certainly encourage us to undertake new and innovative activities for the benefit of our students.

At present, the college offers programmes from 11th standard to Ph.D. We have 16 undergraduate, 11 Postgraduate and two Ph.D. Research Programmes. In addition to the traditional B.A., B. Com., B.Sc. and B.Sc. Computer Science we run professional courses such as Bachelor of Business Administration, 03 Career Oriented Courses. To prepare the students to face the global employability challenges, the institute conducts 25 Short Term Courses. In order to avail facility for the students who could not get regular education due to different reasons our College also runs Centre of Yashavantrao Chavan Maharashtra Open University (YCMOU) since 1992.

There is a separate well-furnished building for Junior College with well-equipped laboratories. Along with Arts, Science and Commerce, we impart education of MCVC in Electrical, Electronic and Construction Technology. Through Science stream we have Bi-focal Electronics as an optional subject which caters career options in Architecture and Bio-Tech Agriculture. We are proud of having good academic record and renowned alumni.

We believe that learning beyond classroom is equally important as the classroom interaction. Likewise, students are motivated to participate in various co-curricular, extra-curricular activities. To achieve the holistic development of the students from diverse background, the Institute organizes activities such as Avishkar Research Competition and Poster/ Wallpaper presentation. We channelize student force through NCC, NSS and Competitive Examination Cell and 'Earn while You Learn Scheme'.

Without teamwork no institution can prosper. Rayat is the name of unity in diversity where all work together for the implanting vision of the founder. In order to enlarge the mental horizons of students, we have highly motivated and qualified faculty members who constantly seek to upgrade their teaching methods. The office staff also strives to provide the atmosphere of efficiency and cordiality to the students who are the future force of the nation.

I acknowledge the support, guidance and cooperation of the Management, parents, alumni, teaching staff, non-teaching staff, office bearers and students in the advancement of the Institution.

I look forward to welcome you and wishing you an unforgettable enriching experience with us.

Regards,
Principal

6. Internal Quality Assurance Cell (IQAC)

❖ **Establishment of IQAC** : 30/06/2004

❖ **Introduction :**

In pursuance of its action plan for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education, the National Assessment and Accreditation Council (NAAC) proposes that accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system and work towards the realization of the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institutions. For this, during the post-accreditation period, it will channelize all efforts and measures of the institution towards promoting its holistic academic excellence.

The work of the IQAC is the first step towards internalization and institutionalization of quality enhancement initiatives. Its success depends on the sense of belongingness and participation it can inculcate in all the constituents of the institution. It will be a facilitative and participative voluntary unit of the institution. It has the potential to become a vehicle for ushering in quality enhancement by working out planned interventionist strategies to remove deficiencies and enhance quality.

❖ **Objectives :**

- To develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution.
- To promote measures for institutional functioning towards quality enhancement through the internalization of quality culture and institutionalization of best practices.

❖ **Strategies:**

- IQAC shall evolve mechanisms and procedures for
- Ensuring timely, efficient and progressive performance of academic, administrative and financial tasks;
- The relevance and quality of academic and research programmes;
- Equitable access to and affordability of academic programmes for various sections of society;
- Optimization and integration of modern methods of teaching and learning;
- The credibility of evaluation procedures;
- Ensuring the adequacy, maintenance and proper allocation of support structure and services;
- Sharing of research findings and networking with other institutions in India and abroad.

❖ **Functions :**

- Development and application of quality benchmarks/parameters for various academic and administrative activities of the institution;
- Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process;
- Arrangement for feedback response from students, parents and other stakeholders on quality-related institutional processes;
- Dissemination of information on various quality parameters of higher education;

- Organization of inter and intra-institutional workshops, seminars on quality related themes and promotion of quality circles;
- Documentation of the various programmes/activities leading to quality improvement;
- Acting as a nodal agency of the Institution for coordinating quality-related activities, including adoption and dissemination of best practices;
- Development and maintenance of institutional database through MIS for the purpose of maintaining /enhancing the institutional quality;
- Development of Quality Culture in the institution;
- Preparation of the Annual Quality Assurance Report (AQAR) as per guidelines and parameters of NAAC, to be submitted to NAAC.

❖ **Benefits:**

- Ensure heightened level of clarity and focus in institutional functioning towards quality enhancement;
- Ensure internalization of the quality culture;
- Ensure enhancement and coordination among various activities of the institution and institutionalize all good practices;
- Provide a sound basis for decision-making to improve institutional functioning;
- Act as a dynamic system for quality changes in HEIs;
- Build an organized methodology of documentation and internal communication.

7. National Education Policy 2020 :

Highlighting the importance of flexible learning, National Education Policy 2020 states that imaginative and flexible curricular structures will enable creative combinations of disciplines for study and would offer multiple entry and multiple exit (MEME) options and thus, remove the currently prevalent rigid boundaries. These would create new opportunities for students to choose and learn the subjects of their choice while changing the HEIs as per their preference, convenience or necessity. In order to pave the way for seamless student mobility, the NEP 2020 envisages adjustments in the structures and lengths of degree programmes. Academic Bank of Credits (ABC) ensures seamless student mobility between or within degree-granting HEIs through a formal system of credit recognition, credit accumulation, credit transfers, and credit redemption to promote distributed and flexible teaching-learning. To take this forward, NEP 2020 promotes rigorous research-based specializations and opportunities for multidisciplinary education, at the Graduate, Master's and Doctoral level programmes in HEIs.

To reach to the design of holistic and multidisciplinary programmes as anticipated in NEP 2020, HEIs require some time to streamline it in higher education in India. As stated above, as per their universities and colleges preference, convenience or necessity, ideal multidisciplinary programmes may come into existence in future. However, existing undergraduate programmes may be converted into a new framework having multiple entries and multiple exit options and with additions of Skill Enhancement Courses in credit system. The continuous comprehensive evaluation is also a requirement for proper mapping of learning outcomes, course outcomes and programme outcomes as our system is based on principles of outcome based education. Hence, the university will continue its choice based credit system for quality based evaluation programmes. In the light of NEP 2020, HEIs can provide the courses as per tune preference, convenience or necessity for the students.

1) Title:

The Regulations Governing the Choice Based Credit System with Multiple Entry and Multiple Exit Option.

2) Scope:

These regulations are applicable to the undergraduate and Post Graduate Degree Programmes being offered in affiliated colleges, excluding autonomous colleges / instituted and in university departments.

3) Commencement:

These Regulations in accordance with National Education Policy 2020 shall come from this Academic Year onwards. These regulations shall be implemented from academic year.

4) NEP Implementation in First Phase:

The credit and curricular framework is to be made applicable, in the first phase, to the following programmes (other than those regulated by AICTE, PCI, BCI, CoA, NCTE etc.) with effect from this Academic Year: **UG:** B.A., B.Sc., B.Com., BBA, B.Sc. (CS) and all Non-AICTE Professional UG Degree Programs. **PG:** M.A., M.Sc., M.Com. and all Non-AICTE Professional PG Degree Programs.

5) Credit Framework under Three / Four Years UG Programmes with Multiple Entry and Multiple Exit options :

The structure of the Three / Four year bachelor's degree programme allows the opportunity to the students to experience the full range of holistic and multidisciplinary education in addition to a focus on the chosen major and minors as per their choices and the feasibility of exploring learning in different institutions. The minimum and maximum credit structure for different levels under the Three / Four year UG Programme with multiple entry and multiple exit options are as given below :

❖ **Credit Framework:**
